

# Add Your Own Products

Menu Access: [Catalog > Products](#)

You can add products of your own or another product line you have access to with your Magento 2 website. Depending on the level of site you purchased from eMerchantClub, you'll have anywhere from 25 to 1,000 blank product spaces that you can use.

## Adding Products:

1. Click the orange "Add a Product" button on the top right of the screen.
2. Choose **Simple Product** for an item that does not have any variables. Choose **Configurable Product** for items that have different variables (different sizes, different color choices, etc.)

The screenshot shows the Magento 2 Admin Panel interface. On the left is a vertical sidebar with navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The main area is titled 'Products' and contains a search bar, a filter dropdown, and a table of product records. The table has columns for ID, Thumbnail, Name, Type, Attribute Set, SKU, Price, Quantity per Source, Salable Quantity, Visibility, Status, and Edit. The 'Add Product' button is located in the top right corner of the main area, and a dropdown menu is open below it, showing options for product types.

ID	Thumbnail	Name	Type	Attribute Set	SKU	Price	Quantity per Source	Salable Quantity	Visibility	Status	Edit

# Add Your Own Products

Menu Access: Catalog > Products

## Create a New Product Page:

- Here, you'll enter all the information you have about your item.
  - All the fields with a red asterisk \* are required to create the new product.
- The toggle button for "Is Featured" will set your new product to your "Featured Items" slider on the homepage of your website. If you don't want the item to appear on this slider, click the slider to "No".
- Before you finish, ensure the "Enable Product" toggle is set to "Yes."
- When you're done, click the "Save" button on the top right of the screen.

The screenshot shows the 'New Product' form in Magento 2. The form is titled 'New Product' and has a search icon, a notification bell with '51', and a user profile icon in the top right. Below the title, there are navigation buttons: '← Back', 'Add Attribute', and 'Save'. The form contains several fields and toggles:

- 1**: 'New Product' title.
- 2**: 'Is Featured' toggle (set to 'Yes').
- 3**: 'Enable Product' toggle (set to 'Yes').
- 4**: 'Save' button.

Other fields include: 'Attribute Set' (Default), 'Product Name' (required), 'SKU' (required), 'Price' (required, \$), 'Advanced Pricing' (link), 'Tax Class' (Taxable Goods), 'Weight' (lbs, This item has weight), 'Visibility' (Catalog, Search), 'Categories' (Select..., New Category), 'Emc Product Type' (Client), 'Set Product as New From' (calendar), 'Country of Manufacture', and 'Emc Product Type' (Client).
