

Amazon Pay Setup

Menu Access: *Store > Configuration > EMC > Sales > Payment Methods*

You will need a free PayPal Business Account to complete this section. Visit <https://www.paypal.com/us/webapps/mpp/referral/paypal-business-account2>

1. From the Stores menu
2. Choose Configuration
3. Click on Sales.
4. Then click on Payment Methods.
5. Then, under Merchant Location, make sure United States is selected.
6. Then click on Other Payment Methods.

The screenshot shows the Magento 2 admin interface. On the left is a dark sidebar menu with icons and labels for various sections: Stores, Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, System, and Find Partners & Extensions. The 'Stores' section is expanded, showing sub-items: Settings, All Stores, Configuration (highlighted with a red box and a '2' callout), Terms and Conditions, Order Status, Shipping rates, Inventory, Sources, Stocks, Taxes, Tax Rules, and Tax Zones and Rates. A '1' callout points to the 'STORES' icon in the sidebar. To the right of the sidebar is a light gray main content area. At the top of this area is a 'SALES' header with a '3' callout. Below it is a list of menu items: Sales, Sales Emails, PDF Print-outs, Tax, Checkout, Shipping Settings, Multishipping Settings, Shipping Methods, Google API, and Payment Methods (highlighted with a red box and a '4' callout).

The screenshot shows the 'Merchant Location' configuration page. At the top right is a 'Merchant Location' header with a refresh icon. Below it is a 'Merchant Country [website]' dropdown menu with 'United States' selected, highlighted with a red box and a '5' callout. Below the dropdown is the text: 'If not specified, Default Country from General Config will be used.' Below this are four sections, each with a dropdown arrow: 'RECOMMENDED SOLUTIONS', 'OTHER PAYPAL PAYMENT SOLUTIONS', 'OTHER PAYMENT METHODS' (highlighted with a red box and a '6' callout), and 'DEPRECATED PAYMENT METHODS'.

Amazon Pay Setup

Menu Access: *Store > Configuration > EMC > Sales > Payment Methods*

To set up Amazon Pay on your website:

1. Click Configure on the Amazon Pay section.
2. The section will expand. Click on the gray button that reads “Get started with account registration.”
3. You’ll be brought to Amazon’s Seller Central to set up your Amazon Pay account.
4. There are a total of 4 steps to fully setup this payment method:
 1. Business Info
 2. Tax Info
 3. Payment Info
 4. Connect Your Store

The screenshot shows the Magento 2 admin interface for setting up Amazon Pay. On the left, a sidebar contains navigation icons for CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM. The main content area displays the 'Payment Methods' section with expandable categories: Fraud Protection, 3D Secure, Address Validation, YOTPO, DOTDIGITAL, SERVICES, and ADVANCED. The 'amazon pay' section is expanded, showing a 'Configure' button with a '1' in a red circle. Below it, a modal window is open, showing the 'amazon pay' logo and a 'Close' button. The modal contains a '2' in a red circle next to a button labeled 'Get started with account registration', followed by the text 'or I've already setup Amazon Pay, I want to edit my settings'. Below this are four expandable sections: Credentials, Options, and Advanced.
