

# Store Configuration

Menu Access: *Store > Configuration > EMC > Theme Modifications*

Continue customizing your online store with colors, fonts, and menu background colors:

1. From the **Stores** menu
2. Choose **Configuration**
3. Then click on **EMC** from the second menu
4. And then click **Theme Modification**.
5. Here you'll find a variety of ways to alter the overall look of your website, including fonts, font colors, background colors and homepage customizations.
6. When you're done customizing, click the **Save Config** button!

The screenshot displays the Magento 2 Configuration interface. On the left, the 'Stores' sidebar menu is visible, with 'Stores' (1) and 'Configuration' (2) highlighted. The main content area shows the 'Configuration' page for 'Default Config'. The left-hand menu lists various categories, with 'EMC' (3) and 'Theme Modifications' (4) highlighted. The right-hand panel shows settings for 'General' and 'Header'. The 'General' section includes 'Main Font' (5) and 'Headers Font', both set to 'Poppins'. The 'Header' section includes 'Favicon', 'Change Large Logo', 'Logo Image Alt text', 'Top Panel Background Color', 'Top Panel Font Color', and 'Menu Side Background Color'. A 'Save Config' button (6) is located in the top right corner.
